Latest News

85th Senate President Mike Miller announces his step down in 2020 as the longest serving State Senate President in US history. Maryland Democratic Caucus nominates Senate Senator Bill Ferguson from Baltimore City for consideration as our next 86th Senate President in 2020. Formal full Senate votes will occur on January 8, 2020 when session starts.

United Seniors of Maryland thanks President Miller for his kind support of USM . He personally invited USM to move into the Senate building to hold our annual Legislative Forums. We honor his years of service to our State. USM wishes him the very best of health, life and continued service.
