The National Active and Retired Federal Employees Association (NARFE) was founded in 1921 with the mission of protecting the earned rights and benefits of America’s active and retired federal workers. One of the largest federal employee/retiree organizations, NARFE represents the interests of 5 million current and future federal and postal annuitants, spouses and survivors.

Of interest is that there are 26 NARFE chapters in the MD Federation. As the only organization solely dedicated to the general welfare of all federal workers and retirees, NARFE delivers valuable guidance, timely resources and powerful advocacy. Federal benefits and retirement plans are unique, complex and subject to change. *NARFE provides both federal workers and retirees with the clear, reliable and accessible counsel they need to make critical decisions and gain confidence in a secure future.*
