Organization of Maryland Federation Responsibilities and Contacts

This grouping of committees below shows *areas of responsibility* for the Federation elected Officers and **lines of communication** with the Federation Chairmen. Instead of having every committee chairman trying to obtain a response from the president on any and every question, the chairman should be able to turn to another elected officer for an answer. This represents an extension of what we have been doing. *This does not change the fact that the president has the last word.*

NOTE: Individual Committee Chairs, addresses, phone numbers, email addresses and other pertinent committee information are provided on pages 9 through 16 of this Directory. They are not repeated below. Only Committee names are included below, indicating the Federation Officer responsible and whom the Federation Committee Chairmen report to, communicate with.
